CONFERENCE ADDRESS:

Walland Dec 11/10

Dear Wife and Babes

In answer to yours
of the 27 Will say I was glad to hear from
you that you was all well as this leaves me
just eleven months to day since I left
you only thirteen more to stay that doesn't
look so long as 24 dose then besides the
time is going faster now than it was I
am sorry that you got in trouble about renting
the farm but it is no fault of mine as you
told me that you had been making arrangements
with Mr. White by accident he set that it
was rented to Dr. Gardner now if it was you
rented it to him as I did not neither have
I rather am I going to you just rent it to
how you please and then don't say any
thing to ^{Mr. White} but I want the straw next
year and do not sell any thing I left on the
place like that steel you let Mr. Gardner
have but just send him his \$2.00 and tell
him I do not want to sell it to please

then the Post Man that comes along
and says that I want to talk with him
he could have every thing to write to me for
if I guess you gave Will for that letter
I sent you about the ranch and I
guess he will understand that now I suppose
you have seen that you got that money
from Steve yes I got the cake and appreciated
it and those mufflers but had no use so I sent
them home did you get them I Verrey often send
things home but you say nothing about them
I will send you Ward when I get aught of garments
in time and when I do I want the ~~2nd~~ ^{2nd} garments
half silk and half wool but these are good yet and
will last until Spring I have sent for me another
suit of close to work in the city that will make
me clear enough with my garments and some
shirts ties and shoes and one more hat but
I will do city work from now on and will hope
sell the coals I expect to complete the mission
but I can work old Bird and the little Bolley
until your team gets big enough then maybe
I can borrow them Will you rent me your
farm next year and what share will you give
me or will you be like Elder Roberson of
Spanish Park when he went home his wife
would not live with him but turned him
from her door may sweet hard words that sound
all right good enough for a ministers preacher
Will God Bless you till we meet again from your
Loving Husband Will
